Woorimil

Crafting premium foods with  
the finest Korean ingredients

## ABOUT WOORIMIL

# Introduction of Woorimil : Prioritize People and the Planet

In the fall of 1989 when Korean agriculture was declining, 180,000 people joined forces to revive production and consumption of Korean wheat and to safeguard agricultural food sovereignty.

To this, “the Headquarters of Revive Korean Wheat Movement” was founded with the mission of producing quality wheat by concluding contract cultivation with farmers, focusing on tireless R&D and offering fresh produce to customers, then sharing profits with farmers to take a lead in cultivating an eco-friendly food industry. Even now, over thirty years since establishment, the mission has set a direction in which Woorimil moves forward.

## ABOUT WOORIMIL

# For proper food and healthy neighbors Practices of **Woorimil**

- **"Local /Fresh Ingredients"**  
Made of local, fresh ingredients with its unique flavors that are not commonly found in other countries
- **"Clean Label"**  
No secret ingredients and No artificial colors and No preservatives
- **"Sanitation of manufacturing facilities"**  
Food safety certification HACCP in all production facilities
- **"Sustainable eco-system"**  
All non-GMO, most are non-pesticide.  
By cultivation contract directly from local wheat farmers, it enables high-quality production and provides stable source income for farmers
- **"Committed to the Earth and Supporting the Vulnerable."**  
Actively engages in donations and volunteer activities with environmental organizations and welfare facilities.

Woorimil has been donating 20% of its profits to support environmental causes and vulnerable communities.

## ABOUT WOORIMIL

# Partnering with Local Farmers, Woorimil

Woorimil directly contracts and purchases 3,000 tons of domestic wheat annually, accounting for 10% of the nation's total wheat production.

As the largest private company in this sector, we significantly contribute to the economic stability of local wheat farmers and the expansion of domestic wheat cultivation areas.

a healthy snack that is suitable for both adults and  
children to consume without any concerns.  
It is made by Woorimil, a reputable brand known  
for producing high-quality food products.

## WOORIMIL PRODUCT

# Introduction to our Woorimil

### Locally Grown and Fresh

Produce with certified, high-quality local ingredients.  
Focus on tireless R&D and offering fresh produce to customers.

### Clean Label

Takes a stance against superfluous food additives, such as synthetic pigments, synthetic fragrances, and preservatives, and instead prioritizes presenting the distinctive flavor of raw materials to customers.

### Green Value

Strives to reduce carbon emissions through our products, contributing to a more sustainable future. Avoids plastic packaging and opt for easily recyclable and natural materials instead.

## WOORIMIL PRODUCT

# Product Category

Woorimil Co., Ltd. is dedicated to continuously introducing a range of snacks, powders, HMRs, and gift sets with the aim of offering healthier and more delectable food options.
